

Vnukovo airport

Guideline

1. From the airport to Moscow

The most convenient way to reach Moscow is by Aeroexpress. It is a local train linking Moscow International Airports and Moscow Metro (underground/subway). These trains are very fast, safe and clean. We highly recommend using them.

To reach Aeroexpress station follow the signs

To board the train a special ticket is required. The ticket can be bought at the airport or online (<https://aeroexpress.ru/en/aero.html>).

Bord the train and go to [Kievsky Railway Terminal](#).

2. After reaching Kievsky Railway Terminal change to Moscow Metro. Find a Metro station looking for a big red letter «M».

Operation hours: from 6.00 am to 1.00 am (in some directions from 5.30 am to 1.30 am) with the transfer passages between lines closing at 1.00 a.m.

Metro ticket is required to enter. It can be bought at any station through a vending machine. The price varies on the number of rides and validity duration.

3. From Kiyevskaya metro station there are many ways to reach MSU (Universitet metro station), however we recommend using the following one:
 - From Kiyevskaya station (circle brown line, No 5) go 1 station up to Park Kultury metro station, change there to line 1 (red) and go 4 stations up to Universitet metro station.

For more detailed metro guide use Yandex Metro website (https://yandex.ru/metro/moscow?scheme_id=sc34974011).

At Universitet station go out using Exit 1 towards MSU. After reaching the surface, the main building of MSU is visible on the left.

Address: Moscow State University, Kolmogorova st., house 1.

4. To enter the Main Building use the entry located on the side of Lebedeva st. and go to sector «Б». Show passport and visa to a security guard.

After entering the building, turn right and go to the Dormitory Administration Office. Contact room 5 (10:00 am - 17:45 pm) or room 1 (18:00 pm – 10:00 am) accordingly and do all necessary admission procedures.
